Description of change:

Install a flat concrete tile roof using Eagle Bel Air Royal Palm (4516) with matching ridge cap. All exposed fascia must be white matching the existing profile. Material may be white aluminum wrap to match existing or cedar, smooth side up primed and painted white. When using cedar fascia, the entire fascia must be replaced. If new gutters are installed, they must be white 6" seamless installed with hidden fasteners.

Attic vent fan which must be used is Lomancool 2000 Power Vent, thermostatically controlled, Miami-Dade approved. Skylight must be Maxim (low profile) white in color, Miami-Dade approved. All wall flashing must be painted the color of the house.

The undersigned acknowledges that they are aware of, have read and understand, and shall comply with article XI in the Association Covenants and understand that approval is being requested for the above described change. It is also understood that a decision may take as long as 45 calendar days and no work shall be started until the initial signed approval is received. A final inspection by the Architectural Review Committee for any deficiencies is requirement for final approval and sign off for the above request.
